## Application for “Grandparented” Player Status

In order to assist the Club and District Registrars to track players claiming “grandparent” status, each player who desires to claim such status must complete this form and return with it their registration form. The form need only be completed once and, if approved by the LISA Board, the player will retain his/her status until such time as his or her address changes or if “continuous” play with a club is interrupted.

“Grandparented” players are defined in the Bylaws, Article 13.3, as:

- (i) Any player who was registered out-of-boundary in the soccer year August 1, 1992 to July 31, 1993 will be granted an exemption if since that time the player has not played for any other club.
- (ii) A player whose place of residence was but is no longer within the boundaries of the club that he or she most recently played for will be granted an exemption to play for that club if since the move the player has not played for any other club.

Under some circumstances you may apply to have a grandparent status reinstated after a time of absence from a club (e.g. playing with selects, parents on posting, extended illness or injury, etc.). This application must be made to the LIYSA before you commence playing in order that your exemption request can be considered.

Players who wish to claim “grandparent” status must complete one of the following sections:

a) I have played with (name of Club) \_\_\_\_\_ continuously<sup>1</sup> since the 1992/93 season.

**OR**

b) I have played with (name of Club) \_\_\_\_\_ while I lived within the club boundaries at (give former address): \_\_\_\_\_. I have since moved, however, I have played continuously with the club since having moved from their district.
